A presentation was given, followed by questions posed and a chance to put questions to the Stroud District Council team. The review is looking at whether the current strategy on developing strategic sites should be continued or whether future growth should be dispersed to smaller settlements. Views on our settlement boundary are sought and whether there is support to extend the boundary to allow development of the area behind Seven Waters and the small area of land by the Scout-hall.

The Members would like the Clerk to respond to the consultation; in particular they supported the current Strategic Development Strategy and would like to re-iterate that they do not wish to see any sites put forward in the Parish for further growth.

Local Plan

As you know the consultation process has started for the next Plan, a worrying development though is the Government is consulting on the methodology for the calculation of the housing numbers for each area. Having a common method to do this is welcomed as it would allow easier comparisons between the needs of different areas to be made and hopefully save money on the various calculations. However, the numbers that Govt have indicated for Stroud are very worrying see below . SDC will be strongly opposing the method used ref current proposed numbers and have lobbied both our local MPs Jeffrey Clifton-Brown and David Drew on this matter who have agreed to support us.

Draft housing nos

	A	B	C	D
Area	Current plans (demographic need only)	Current Local Plans/JCS requirement	DCLG proposed housing figure	DCLG/Local Plans Percentage change
Cheltenham	495	546	534	-2.2%
Cotswold*	330	420	421	0%
Forest of Dean	310	310	371	+19.7%
Gloucester	665	718	657	-8.5%
Stroud	448	456	635	+39.3%
Tewkesbury	432	495	601	+21.4%
Gloucestershire	2730	2945	3219	+9.3%

Kings Stanley Coop frontage

Following a number of discussions with local residents and my self the County Cllr for this part of the Stanley's Steve Robinson has visited the site and spoke to the manager who said that the Co-op is moving the bollards to the edge of the pavement to stop cars parking and will also be resurfacing the area that belongs to them. This is good news.

Kings Stanley Central Garage

This matter was subject to a planning appeal to the planning inspectorate, with the applicant seeking to get retrospective permission for the houses built, which SDC have argued do not comply to the actual permission for the property. This resulted in a stop notice being placed on further building on the site. The inspector decided that he could not rule for technical reasons on the appeal, the upshot being that the applicant has now the opportunity to apply again. The stop notice stays in place. This will also give further opportunity to endeavour to get the whole of the pavement in front of the property designated as a public right of way by the County Council.

Subscription Rooms

Despite many rumours, no decision has yet been reached on the future of the Sub Rooms. An all party Task and Finish Group has been Meeting since the beginning of the year and to look at a number of ways forward including leasehold and freehold options. The declared intention though is to ensure leisure and cultural activities still take place there and that current uses are enshrined in legal covenants. A decision will be made in

December. A public consultation will take place on Saturday 18 November at the Sub Rooms and the T and F report is due to be published on 16 November . I wish to thank my fellow ward Cllr Nigel Studdert-Kennedy for his work on the Task and Finish group.
